

On September 15, 1763, this order was confirmed and a draft of the township shows that it began at a chestnut oak, a corner of Plainfield township and ran South 26 degrees. East 614 miles, all in the Wind Gap, past Solomon Meadows, North 46 degrees East 6V2 miles and North 25 degrees West GYq miles, having Jacob Stroud and Derick Kermess (?) on the north side of the line and Abraham Miller, Keyser, James Laurin (?), Matthias Otter and James Russel on the south side of the line, then South 48 degrees West 6I/2 miles through the pines to a white oak marked with putty New Hamilton.

The assessment list for Hamilton township in 1764, made by the collector, Lawrence Remy, contains forty names, viz:

Jacob Stroud £8

Lawrence Remy £8

Peter Bussert £5

John Hoflf 4

Jacob Brinker 10

Philip Bussert 12

John Clerk 4

George Meninger 8

John Shervanty 4

Hillman's widow 4
